1. Applicant Information

Name: _____ Email: _____
 Address: _____ Phone: _____

Degrees completed (Include institution and date)	Degree in progress or employer (Include institution and expected completion date)
_____	_____
_____	_____
_____	_____

2. In non-technical terms (20 words or less), describe your area of study or work.

3. If you are a Ph.D student, please check the boxes that best apply to you:

- I am currently taking courses
- I have advanced to candidacy
- I will complete my dissertation by: (Date) _____
- I have completed the following business classes:

List all business courses below:

4. Name(s), Email Address(s), and Department(s) of Mentor Faculty and/or Advisor(s).

- 1.
- 2.

5. Describe (in 150 words or less) a technology or innovation you are currently working on and its potential for commercialization and/or business development.

6. Oregon's Lab2Market Entrepreneurship Intensive requires a week-long commitment away from lab work. Describe (in 150 words or less) how you and your lab would benefit from your participation in the program.

7. Are you planning on entering Oregon's Lab2Market Technology Disclosure Competition in September 2007? (Technologies selected through the Lab2Market Technology Disclosure Competition receive free, expert mentoring for ten months to help with issues pertaining to commercialization.)

(Yes/No)

8. If applicable, please list any patents or pending patents related to the technology/innovation from question 5 above.

9. Please list your academic experience related to the technology/innovation from question 5 above.

10. Please list your work experience outside of academia related to the technology/innovation from question 5 above.

11. What are your future plans after completing your degree/current position?

12. Please attach (Word or PDF) a current CV that includes a listing of published research, professional presentations and relevant reports or reviews.

13. Please remember that your application is complete only after submitting a one-page letter of reference from either your mentor professor, advisor, or professional colleague. The letter of recommendation is due by the **Application Deadline**. If applicable, your letter should address:

- a) release time from lab responsibilities for time in class and homework assignments
- b) your potential as a participant in the program
- c) why the technology/innovation in question is particularly compelling.

Please have your mentor professor/advisor or professional colleague e-mail, mail or FAX the letter to:
